ARTINOX, a company certified by APCER.

ARTINOX, uma empresa certificada pela APCER.
ARTINOX, société certifiée par APCER.

Artinox is a ISO 9001 certified company, which attests to the quality of its processes and products through:

- Standardization of all key company processes;
- Monitoring and measurement of manufacturing processes in order to ensure the quality of the product and service;
- Implementation and maintenance of adequate and necessary records to guarantee the traceability of the process;
- Quality inspection and appropriate means of corrective action when necessary;
- Systematic review of processes and the quality system.

A Artinox é uma empresa certificada pela ISO 9001, que atesta a qualidade de seus processos e produtos através do seguinte:

- Padronização de todos os processos chave da empresa;
- Monitoramento e medição de processos de fabricação para garantir a qualidade do produto e serviço;
- Implementação e manutenção de registros adequados e necessários para garantir a rastreabilidade do processo;
- Inspeção de qualidade e meios adequados de ação corretiva quando necessário;
- Revisão sistemática de processos e sistema de qualidade.

Artinox est une société certifiée ISO 9001, qui atteste de la qualité de ses processus et produits à travers:

- De la standardisation de tous les processus clés de l'entreprise;
- De la surveillance et gestion des processus de fabrication afin d'assurer la qualité du produit et du service;
- Mise en place et maintenance de dossiers adéquats et nécessaires pour garantir la traçabilité du processus;
- L'inspection de la qualité et les moyens appropriés d'action corrective si nécessaire;
- Revue systématique des processus et du système de qualité.

Environmental responsibility

Artinox S.A. excels in policies and practices of environmental respect and sustainability. This commitment extends to all manufacturing processes and the choice of our partners for different business areas. In order to contribute to environmental protection, in total harmony between the different business components (economic, social and environmental), Artinox SA establishes the monitoring and control of raw material consumption, energy profile, emissions of pollutant gases into the atmosphere and of waste inherent to industry, as a priority for our manufacturing process.

Responsabilidade ambiental

A Artinox S.A. destaca-se em políticas e práticas de respeito ambiental e sustentabilidade. Este compromisso estende-se a todos os processos de fabricação e na escolha dos nossos parceiros para as diferentes áreas de negócios. De forma a contribuir para a proteção ambiental, a harmonia total entre os diferentes componentes de negócios (econômicos, sociais e ambientais), a Artinox SA estabelece o monitoramento e controle do consumo de matérias-primas, perfil de energia, emissões de gases poluentes na atmosfera e de resíduos inerentes para a indústria, como uma prioridade no nosso processo de fabricação.

Responsabilité environnementale

Artinox S.A. se distingue dans les politiques et pratiques de respect de l'environnement et du développement durable. Cet engagement s'étend à tous les processus de fabrication et au choix de nos partenaires pour différents domaines d'activité. Afin de contribuer à la protection de l'environnement, en totale harmonie entre les différentes composantes économiques, sociales et environnementales, Artinox SA établit le suivi et le contrôle de la consommation de matières premières, du profil énergétique, des émissions de gaz polluants dans l'atmosphère et des déchets inhérents à l'industrie, comme une priorité pour notre processus de fabrication.

Jean-Paul Marzais

Jean-Paul Marzais has a sober and refined design. His creations fill the space to make it a place of peace and serenity.

Before becoming interested in creating objects, Jean-Paul Marzais was seduced by graphic design and visual communication, exploring the notion of "minimum" and the pursuit of simplicity in his design.

He is an enthusiast of the discipline of essence and density.

Jean-Paul Marzais possui um design sóbrio e refinado. As suas criações ocupam o espaço para torná-lo um lugar de paz e serenidade.

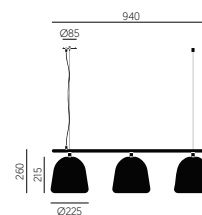

Antes de se interessar pela criação de objetos, Jean-Paul Marzais foi seduzido pelo design gráfico e pela comunicação visual, explorando a noção de "mínimo" e a busca pela simplicidade que aplica no seu design.

É um afeiçoado pela disciplina da essência e densidade.

Jean-Paul Marzais revendique un design sobre et raffiné. Ces créations colonisent l'espace pour en faire un territoire de paix et de sérénité.

Avant de s'intéresser à la créations d'objets, Jean-Paul Marzais a tout d'abord été séduit par le design graphique et la communication visuelle, en explorant la notion du « minimum » et la quête de la simplicité qu'il applique aujourd'hui à l'architecture d'intérieur et au design. Il est séduit par la discipline de l'essentiel et la notion du condensé.
